Attached is the transcript from the March 27 teleconference (NRC) regarding OST and Powertech's initial responses to the NRC's proposed approach (via a March 16 NRC letter) to satisfy the NEPA violation. The parties have until 3/30 to submit written responses.

I added this transcript to Valois's shared drive.

I'll be crafting a summary update soon- but just an FYI in case you wanted to read the transcript too.

Thanks,

Mai

Thanks for the very helpful background earlier, everyone.

Just a heads up that the March 20 oral argument in the DC Circuit will be available via livestream (more info. is found in the attachment). It'll be at 9:30AM ET so pretty early for MT. I think the recording will be posted later on the [DC Circuit site](#).
